SNOOZEBAND DELUXE

Bluetooth sleep mask with built-in relaxing music and automatic switch-off timing function

Thank you for purchasing **Snoozeband Deluxe**. Please read these instructions carefully before use.

Intended Use

- Snoozeband Deluxe is suitable for Bluetooth compatible device like mobile phones. Users can listen to music and conduct phone calls hands free.

- The product is for personal use only and is not intended for commercial applications.

⚠ Dangers of Injury

- Keep the product and the package away from children and animals, as they can swallow small parts.
- Supervise children using the product. It is not a toy.
- Always maintain a gap of at least 10 cm between the headphones and a pacemarker or an implantable cardioverter defibrillator (ICD) as the product generates magnetic fields.

⚠ Dangers of Fire and Explosion

- Caution! Do not expose the headphones to any high temperatures over 70℃ (like hair dryer, heating, prolonged sunlight etc.,) The battery inside of the headphones may overheat and explode as a result.
- Only charge up the headphones in an ambient temperature of from 10℃ to 40℃.
- Do not crush or pierce the battery! Do not expose the battery to high pressure, as this may cause an internal short-circuit and overheating.
- The headphones and the battery must not be taken apart, thrown into a fire, immersed in liquids or short circuited.
- If the headphones are not used for a prolonged period of time, recharge it regularly (roughly every 3 months).

How to Use Bluetooth

Pair with a Bluetooth Device
Before you can use this product through Bluetooth, it needs to be paired with your device.
1. Long Press the ⏻ button for 3 seconds until the LED Status Light [4] starts to flash red and blue alternately.
2. Switch on Bluetooth on your phone or other Bluetooth enabled device.
3. Search and select "Snoozeband Deluxe" from the list of found devices.
4. If a pass code is asked, enter "0000".
5. After paired successfully, the blue light will flash slowly for 10 seconds.
6. When switched on next time, it will automatically search for and attempt to connect with the last paired device.

Pair with a New Bluetooth Device
Follow below steps to pair with a new Bluetooth device:
1. Make sure the product is disconnected with the previous paired device.
2. Follow "How to Pair with a Bluetooth Device" instructions from step 1.
NOTE: To save power, it will switch off automatically if there's no Bluetooth connection for 3 minutes.
